

2022 FINANCIAL REPORT

RESOURCE CENTER

Healthy Muskogee

The Muskogee County Social Determinants of Health Consortium (MCSDOHC) seeks to improve the health of individuals, our neighborhoods and our community through establishing local partnerships and focusing on cross-sector collaboration. For more information, visit healthymuskogee.com.

Nonprofit Resource Center (NRC)

The NRC provides consultation and technical assistance in nonprofit incorporation, governance, law, finance, fundraising, grant writing, program development and more. In 2022, **41 grants totaling \$4,297,140** were awarded to charitable programs across Oklahoma. The NRC provided bookkeeping and fiscal sponsorship for **22** area organizations.

Kim Lynch
Executive Director

At NBN, it takes many hats, hands, and hours to enrich the lives of Oklahomans through our mission of education, support and coalition building. I am inspired daily by the dedicated NBN staff who are passionate about promoting positive change. We tip our hats to our partners, members, funders, and volunteers for making our work possible and fulfilling. As you browse our annual report, I hope you, too, will be inspired to join us in creating a bright future for eastern Oklahoma.

2022 ANNUAL REPORT

**Neighbors Building
Neighborhoods**

YOUTH PROGRAMS

Dream Team

The Dream Team After School, Summer Learning, and Night Hoops programs impacted **300 children and their families** through educational, social, and nutritional support. These youth programs help students excel in academics, learn social skills, and become productive citizens while offering guidance from community leaders, daily nutritional meals, and a safe environment for the youth of Muskogee. Parents reported 99% of students were able to complete homework and 97% had a better attitude toward learning.

Volunteers in Service to America (VISTA)

NBN sponsored **32** Americorps VISTA members who **served at 6 sites**: Lake Area United Way's Dolly Parton Imagination Library, Muskogee Teen Center/Youth Volunteer Corps, Dream Team Youth Programs, Muskogee Alumni/Community Band, Community Treasures Youth Summer Camp and Community Food Bank of Eastern Oklahoma.

Summer Food Service Program

In summer 2022, **13,388 meals** were served to Muskogee youth from our central kitchen located at the Dr. Martin Luther King Jr. Community Center. Sites served included the Community Center, St. Paul Methodist Church, and Muskogee First Assembly of God Church.

Community Treasures

150 K-6th grade students participated in this weekly summer camp that allowed them to explore subjects through hands-on experiments, crafts, special guests, field trips, and activities including local tourism with the "Tourist in Your Town" exploration program.

SPF-RX

In 2022, the Substance Abuse and Mental Health Services Administration awarded NBN this **5-year grant** to address substance abuse issues in the region, including Haskell, McIntosh, Muskogee, and Pittsburg counties. This grant will support a comprehensive project that addresses the service gaps of opioid focused prevention resources.

Partnerships for Success (SPF-PFS) Communities

PFS Communities supported substance use/misuse awareness for **7 school districts** in Muskogee and Wagoner counties. NBN also collaborated with area mental health agencies to host the Hope Through Healing Trauma-Informed Community Summit. **320 Community members** were served, with 95% reporting a better understanding of being trauma-informed and 97% feeling better equipped to provide trauma-informed care.

Community-Based Prevention (CBPS)

CBPS North serves Muskogee County with focused prevention strategies around opioid and stimulant substance misuse. CBPS South serves McIntosh and Pittsburg counties, with focused prevention strategies around alcohol misuse and adult binge drinking with county-wide partnerships. **820 community members** were served through these programs.

PREVENTION PROGRAMS

Drug-Free Communities

Through the DFC program, NBN leads the Muskogee Community Anti-drug Network in strengthening infrastructure among local partners to reduce local youth substance use. **580 community members** were served through youth coalition work and collaboration with Muskogee County school districts and communities to provide training/professional development and support focused on reducing underage drinking, vaping and substance use/misuse.
